DSST 441: Enabling Technologies

OPEN TO ALL 2nd, 3rd and 4th Year UVic Students

Instructor: Dr. Nigel Livingston

Summer 2013

CRN 30211

Intensive in-class one week course May 13th to 17th

Focuses on innovations that enhance quality of life by enabling people with disabilities to participate in everyday life. Students will be encouraged to think through challenges relating to function to support innovations that enable people to be more independent.
